DXCC ---> Those who want to be included in the ARRL DXCC Yearbook must submit their cards to the ARRL DXCC Desk by 30 September. Please note that QSL cards for the three new DXCC entities (Temotu, Austral and Marquesas) should not be sent as they will be accepted for credit as of 1 October.

HS1D ---> The Daily DX reports this newly licenced amateur is Princess Sirindhorn, third in line to the Thai throne after the King, HS1A, and the Crown Prince.

NEWS FROM IRAQ ---> Pierre, HB9AMO has recently spent three months in Iraq. He visited the Radio Club of Baghdad (YI1RS) and met the President, Mr. Anan M. Aswad, YI1DX. There are some 30 licenced amateurs in Iraq, but they are permitted to operate (with their own call) only from the Radio Club in Baghdad, usually on Fridays around 12-14 UTC. The club has an old equipment with a small 3 band beam and a 40m dipole. WARC bands are permitted, but 80 and 160 metres are not allowed. Operators from the Radio Club cannot use their Yaesu FT-101E any more because of a broken pair of final amplifier tubes: if anyone has a pair of 6JS5C tubes or equivalent (6KD6, 6LB6, 6LR6) that could be sent to the Radio Club of Baghdad, the address is: Iraqi Association for Radio Amateurs, P.O. Box 55027, Baghdad, Iraq. [TNX HB9AMO]

RSGB CONVENTION ---> The annual RSGB HF & IOTA Convention will take place between 9 and 11 October. The very broad programme includes presentations on 9M0C, 3B7RF, H40AA, H75A (NA-209), KL7/K6ST (NA-210) and KL7/W6IXP (NA-150). QSL 9M0C ---> All direct cards to date have been replied to and posted. All e-mail requests to date have been responded to via the RSGB bureau. All bureau cards received to date have been processed and passed to the RSGB bureau. QSL L4D ---> Phil, G3SWH still has the logs and cards for the SSB only operation on 14 and 21 MHz by L4D from Blanca Island (SA-065) on 20-21 November 1993. He will only respond to cards received, either direct or via the RSGB bureau. Please note that he is unable to help with QSLs for any other operations by L4D from any other location or on any other dates. [TNX G3SWH]

QSL MM/K5MK/P ---> Larry McKay, K5MK reports he has replied to all the requests for MM/K5MK/P cards (EU-112, May 1998) received through 1 September. The delay was due to a computer program failure, followed by a printer malfunction. [TNX K5MK and Islands On The Web]

QSL TL5A ---> PA3DHM (Delta Hotel Mike) complaints of receiving cards for TL5A - please note that the correct QSL manager is and has always been PA3DMH (Delta Mike Hotel) and that cards sent to the wrong person will be returned or destroyed. Cards can be sent to PA3DMH either direct (Alex van Hengel, Schoener 85, 2991JK Barendrecht, The Netherlands) or through the bureau. [TNX PA3DMH]

QSL YC0AZ ---> The QSL manager for Wisnu is W7TSQ (not W7TSK as reported in 425DXN 384). We apologize for any inconvenience the typo may have caused our readers.
